Lawsuit: Mr. Nickloy updated the Council on the most recent version of the lawsuit that names the Town as a defendant. The lawsuit was filed by Max Drury 455 S. Broadway St. It initially alleged that a stormwater drain that was owned by the Town was flooding their home. Once they found out the storm drain is not owned by the Town but is owned by the County, the lawsuit has been reduced to “quiet title” claim, stating there are pipes that are under their home that the Town is responsible for. Mr. Nickloy will continue to review this case.
